Megg Jensen does it again - Great Read

By Amazon Customer

I am a fan of Megg Jensen. Therefore, the purchase of this book series was not a difficult choice. It was a great follow up and had a wonderful twist at the end that I did not see coming. I'm looking forward to the next book. In fact, I have it pre-ordered.

So many secrets!

By mapleleafmanny

So many secrets! What I love most about this series is that you can't predict the journey. There are so many

twists and turns and surprises along the way. It keeps you on your toes and always wondering what will happen. As the people of Hutton's Bridge fight for their freedom and seek to return to the days of simplicity, they find themselves fighting harder and harder for safety.

New allies are met along the way, but that doesn't mean they are friends. Everyone has their own agenda and it makes you want to scream at the people of the Dragonlands to just work together. The author has truly written a fantastic series.

thoroughly enjoying this series!!!

By Jeanne E.

Interesting well written but for a minor missed pronoun here and there. But well developed characters and plot twists. Looking forward to the conclusion AND the next series beyond the western sea !!! More used to settings involving modern day earth but I've enjoyed this world of the dragolands !
