It's an old version of the textbook and it had pretty much all the same stuff as the new edition.

Do not buy from here

By Carter Wright

They said book was in perfect condition, and there is Asian writing above every sentence in the book. Someone from China must have taken this class and wrote above every sentence in their language to help them. EVERY SENTENCE has blue hieroglyphics above it! I want to insert a picture to help you understand how bad this is. In between every line there is Chinese symbols. I want to get my money back, but cant go with out a book. So please spend 3 dollars more and get it from a more honest seller. They will tell you whatever to get it off their shelves.
