From AudioFile

Previous exposure to the wealth of characters in Greek mythology will set the stage for the enjoyment of this recording. Geraldine McCaughrean selects a potpourri of stories touching on the familiar, such as Phaeton's precarious journey across the sky and Persephone's travels to change the seasons, and the less familiar, such as the forges of Hephaestus and the prophecies of Cassandra. Andrew Sachs's reading raises this recording from the ordinary to the spectacular. There is depth, richness and smoothness in his presentation as he articulates the personalities of Mount Olympus with vocal differentiation. The ebb and flow of the stories are accented by Sachs's modulation of speed, and the melodiousness of his voice leaves the listener eager for more! A.R. Here are fifteen wonderful stories about the Greek gods and goddesses -- Zeus, the most powerful; his wife Hera; and their large, extended family. In the splendid retellings, Geraldine McCaughrean vividly recreates the world of these powerful characters who also possessed human attributes and failings.

The collection includes favorite stories such as how Paris judged who was the fairest goddess of all, how the city of Athens was named, and how Phaeton defied his father, the sun god Helios. It also tells some of the lesser-known ones: how the dolphins were created and how Hephaestus won Aphrodite for his wife.

The magic and drama of Geraldine McCaughrean's retellings are beautifully matched by Emma Chichester Clark's lively illustrations, in which she brings the characters strikingly to life.

7 of 7 people found the following review helpful.

A great book for introducing Greek mythology

By Christopher T. Putnam

The book's colorful illustrations and straight forward text makes this book great for a child's first introduction to mythology. I read this outloud to my 6 year old and she loved it. She could have read it by herself but she

would not have been able to understand who the characters were. There is a glossary of gods and goddesses in the back but the stories themselves pretty much assume you know who they are. If you are buying this for a young child like mine make sure that you know the stories (or read them ahead of time) as they are still Greek mythology and some stories are violent. Also, some of the stories drag on for a couple of paragraphs after what "feels" like should be the end of the story. Overall, a great book and definite must have.
