AMAZING BOOK LENGTH POEM THAT ENDURES

By Delmo Della Dora

I have loved this book for about 70 years -- which is when I read it, at age 17. This is a magical piece of writing and I continue to be amazed that very few of the people I have ever known are even aware it exists. That includes people who majored in English in college, despite the fact that it was awarded the Pulitzer Prize!

It evokes emotions in me similar to those I feel when I hear The Battle Hymn of the Republic -- stirring and powerful, with a strong beat that represents a call to personal action for all who feel there are injustices to overcome.

I saw it read on TV many years ago by a cast of 4 or 5 Hollywood actors and they did such a good job that I keep hoping it will be done again in my lifetime.

4 of 4 people found the following review helpful.

Ambitious "national epic."

By Asian Mind

National epics do not make for good poetry. Virgil, for instance, pales in comparison with Homer. And of Tennyson's patriotic poems, the most memorable are close to silly rhymes with a jingoistic spirit. Benet's work is sprawling and changes its rhythms often as it tries to encompass the Civil War. Would it have been better with a consistent meter such as empower The Iliad or The Spreading Chestnut Tree? A silly counter-factual question, I know.

But I found some lines heart-breakingly good:

What do souls that bleed from the corpse of battle
Say to the tattered night?

...

There was no real moon in all the soft, clouded night,
The rats of night had eaten the silver cheese,
Though here and there a forgotten crumb of old brightness
Gleamed and was blotted.

... and this on Abraham Lincoln:

Honesty rare as a man without self-pity.

John Brown's Body, still moulderin'

By N. Miller

Wonderful poetry and decent, if sketchy, history. Good character sketches. I like the Wingate sections best.
