## Review

“Billed in the subtitle as "the world's most enjoyable painting course, ever," this bright, rousing book can be useful to pro and amateur painters alike. The authors intend to "set free your creativity." Some of the activities are so liberating, in fact, that the results are purely accidental. **Just Paint It!** is loaded with confidence-builders.”

—Arts & Activities

“The authors encourage readers to engage actively with creativity. Chapters cover common painting concerns, such as materials, color, and pattern, but the many short step-by-step exercises included often blend the element of surprise with unusual materials or activities or both. ... Artists of all abilities can benefit from this entertaining book.”

?Library Journal

“This book takes a wonderfully colorful romp through ideas for painting fun. The volume's design allows you to believe you can take the time to pursue competency with a variety of painting styles.”

The best art book I have read in a very long time

By Natasha

Honestly this is one of the best art books I have read!! It is filled with techniques and new information that gives you a sound art history introduction as well. The exercises complement the reading and I love the boxes of further artists to look up and explore.

I own more than a couple of art books (!! ) and many of the mixed media books are the same faces and are the same sort of messages in the books as well. There is none of that in this. It is just an art course in a book. I have been so sparked by inspiration and learning new things as well. Just a perfect book for my own artistic development.

This one was just filled with educational information and techniques to explore with ideas for taking it further as well.

I cannot recommend this book highly enough. I really want his drawing book now as well. I can only imagine how much that will grow my drawing skills.9 of 11 people found the following review helpful.

A Great Art Course Contained In One Book!

By Dad of Divas

This is a great book that takes you step-by-step through many many exercises helping you to become a better artist. What I loved about this book was how intuitive the writing was. The authors provide practical information that is easy to follow and to implement and allows you the opportunity to be able to hone your skills and gain new ones while trying to things. The book is truly a course that covers a little bit of everything as it pertains to painting and for this alone, any artists will love this book!

Simple and easy to follow

By S Richardson

Purchased this for a birthday present for a student of mine who shows artistic promise. She loved it - she's new to painting and used what she learned from this book to paint a portrait of my cat!See all 12 customer reviews...
