Review

Praise for Kill the Boy Band

"Although teen readers will identify with Sloane's brand of solemn spunk, Moldavsky's tale of self-doubt, revenge, and atonement will appeal to anyone who's ever had the fortune-or misfortune-of being a "fan."- Booklist

" Boy bands gets the Heathers treatment in this madcap macabre.A sendup of the artificiality of the fame-making machine from both sides, the novel's humor is mercilessly black, and no one comes up smelling like roses."- Kirkus

"Moldavsky's debut is a dark-humored, tongue-in-cheek novel with elements of noir.The story's strength is in its bitingly satirical look at the extremes of fandom and how reality can be an unwelcome intrusion into carefully constructed fantasy worlds."- Publishers Weekly

About the Author

Goldy Moldavsky writes YA fiction from her hometown of Brooklyn. She studied journalism in college, where she got to interview some cool celebrities for her school paper. After a bit she realized it'd be more fun making up stories about celebrities, so that's what she does in her writing. Some of her influences include Buffy the Vampire Slayer, the esteemed works of John Irving, and the Mexican telenovelas she grew up watching with her mother.

KILL THE BOY BAND BY GOLDY MOLDAVSKY PDF

Just know from the start that it wasn't supposed to go like this. All we wanted was to get near them. That's why we got a room in the hotel where they were staying.

We were not planning to kidnap one of them. Especially not the most useless one. But we had him-his room key, his cell phone, and his secrets.

We were not planning on what happened next.

We swear.

From thrilling new talent Goldy Moldavsky comes a pitch-black, hilarious take on fandom and the badass girls who have the power to make-or break-the people we call "celebrities."

Have you ever loved a boy band?

By Pacey1927

I enjoyed this book. It was very snarky and over the top and really was a satirical look at fans of boy bands in today's society. I'm much older than the target audience here. My boy band was New Kids on the Block and a lot of this book still rang true. Wow, we girls sure can fall hard and lose our heads over the boy bands. I watched my stepdaughter do it with N Sync and now friends of my youngest son swoon over One Direction.

The book opens with four friends who have learned where their fave boy band The Ruperts are staying and have managed to get a hotel room in the same hotel. Oh and they manage to do it without any parents overseeing them. Suspend reality here ok; its worth it if you can. Somehow one of the girls manages to kidnap one of the Ruperts...unfortunately its the 'loser' boy of the group. You know how every boy band has one member who is just not quite that hot. Yet he is Apple's favorite...Apple is the overweight friend who is oblivious to the fact that her favorite Rupert is gay.

Anyway things spiral from here. The book is dark and funny and entertaining. I never imagined the different twists and turns the book would take. I definitely related to how the girls felt about their fave members. I thought the little touches, like that each boy had his own fragrance, and the hints that they didn't really like each other all that much. Again, this book and the entire fallout that takes place from kidnapping a Rupert isn't very believable but at the same time there is so much in this book that will be familiar and humorous to boyband lovers past and hopefully present. I do say hopefully present because I wonder if tweens/teens may be offended by some of the images of fans of boy-banders presented in this book.

I found it to be a funny page turner. It wasn't perfect due to some extremely over the top moments but it was fun.

I Think You Have to be a Fangirl

By OutlawPoet

Okay, straight out...I may have been the wrong audience for this one.

See, I was never a fangirl. Yes, I had the pictures in my locker of various heartthrobs. And, yes, I did have a fan club membership to a couple of shall-remain-unnamed people. (I still have some posters and pins in a box in the garage. Hey, they may be worth something some day.)

But I never, ever went the route of the rabid fans in this book. As a result, I found the girls hard to relate to, hard to understand, and hard to like.

I did laugh once in the book, but only once. The rest of the time I was scratching my head and struggling to understand the humor of it.

It's a slightly dark book and has a few uncomfortable things like fat-shaming, slut-shaming, gay-shaming - all in the name of humor and I think all the insert-word-here-shaming kind of did me in.

It was definitely a fast read, and I did want to know how it would all end, but I didn't particularly like the book. I will say this, though, the tiny bit of darkness in the end was good. I ended the book very satisfied with what had happened and with a definite smirk on my face.

But ultimately, not for me.

Funny Suspenseful Rollicking Book

By Monique Atgood

SYNOPSIS:

A group of teenage girl fans go to a hotel to stalk the members of a boy band. They 'accidentally' kidnap a band member, and the rest of the story involves a murder mystery and the girls and the boys in the band hiding the body.

How do you 'accidentally' kidnap an idol? Well..... it apparently involves extreme excitement on the part of the fan, and really bad security/judgment on the part of a band member who stepped into the hotel hallway for ice. Also stolen underwear. Seriously.

The book was really suspenseful, and confusing to the point that sometimes you wonder what's going on, but it sorts itself out quickly. The author misleads, so you think one thing is happening, but it's actually another thing all together.

All the members of the band "Rupert" are named "Rupert", so they tell each other apart but their last names. But they only told their full last names one time, so you have to go by their initials, so it gets confusing, and hard to remember, and certain girls like "Rupert K", but the reader thinks she likes "Rupert X or Rupert H", so that's the confusing part.

My 13.11 year old bought this book and absolutely loved it. She read it twice through and put it on her 'to be read again' shelf. This is her review.
