This is simple, read the soft documents of guide [Living Words By Sasha L Miller](#) and you get it.

LIVING WORDS BY SASHA L MILLER PDF

Macati has sworn off apprentices. His last three have been complete disasters, especially the latest, Tlory, whose betrayal was the final blow. He's busy enough without the time-consuming hassle of managing an apprentice, anyway. Then an old friend arrives bearing Guylian, a brilliant, but awkward student that Macati can't bear to turn away. Guylian is adrift. The life he hated will not leave him alone, the life he loved is gone forever, and the life he was trying to build has crumbled, his teacher so out of patience with him that he has foisted Guylian on a stranger. Giving up magic, however, means giving up the last ties to his past, the one thing Guylian cannot bear to do. Neither teacher nor apprentice is prepared for the draw between them, or the additional complications that come with the return of Tlory...

Living Words by Sasha L. Miller

By Elisa

A sweet fantasy romance, to a level that it could have been a young adult story, it tells the adventures of Guylian, a boy who is apprenticing with Macati, a young mage. Guylian is already 20 years old, but he looks and behaves like a younger man, whereelse Macati has still the joyfulness of being young, even if he is an experienced mage.

This is a full 100% fantasy tale, set in a like-medieval setting, but all in all, it's a simple environment, so simple that let the reader concentrate on the characters. It's also very sweet, and even if there is a romance in it, with quite a kinky development, all the sexual interactions between the main characters are limited to some kisses and love words.

Macati is living at the border of a small village, and even if there is magic in this fantasy world, the life is pretty ordinary, a baker, a tavern, a blacksmith, a vinery, all the possible medieval trades you can imagine, only that their business is assisted by Macati's magic, a magic that is not dangerous, but useful. This magic is not used for evil purposes, but to make life simpler; it's a magic which takes inspiration by natural processes, and as such, it creates but doesn't destroy.

I'm really enjoying the production of Less Than Three Press, I'm surprise this small press doesn't have a bigger following, since from what I can see, their novels are really high in quality, and very, very romantic.

love, fantasy, magic :)

By lionbridges

It's been a while since I read this book, but I remember it quite good. I fell in love with the characters and with the magic. The world-building and descriptions were stunning! And I loved the pixie, it made me laugh :D

The ending though felt a bit rushed and Gyulian did something totally out of character in my opinion. I wished it would have been Tlory suggesting it. There is just so so much potential left for further conflict and tension in the sweetest kind.

Ah well.

I had fun reading it and I can still recommend it :) 4,5 stars.

Good story!

By CB

I really enjoyed this book because it explored the characters and plot rather than just relying on sex scenes.

Will definitely read other books by this author!
