§ So Far Away ~ Everything Will Change Book Two

Now that Elizabeth knows the truth about her past, she has returned to Longbourn. Wanting to reclaim her rightful place in the lives of her Bennet relations, she needs time before considering a life far away in Derbyshire with Mr. Darcy.

He promised he would wait for her for as long as it takes. With so much distance between the two of them the question soon became how long is too long.

When at last Darcy and Elizabeth are reunited in Hertfordshire, allegations and misunderstandings threaten to tear them apart. The question now becomes how much is too much.

Now that you have met your biological family...

By S. L. Majczan

3.5 stars

SPOILER: As much as I loved the first book in this series I have to say I was disappointed in this second book. My main objection is the unrealistic event of not only Lady Victoria Fitzwilliam being allowed to nurse and stay alone with Darcy in his injured and unconscious state but also the horrific sexual advances she made on his body while he was in that state. I don't care if they were close and loving cousins or if the families allowed them time alone on many occasions; it is not acceptable behavior, not now, not then and not in JAFF, in my opinion.

This book tells the story of Elizabeth's return to her biological family and her adjustment there. She does this while keeping ties with her "adopted" family. And they insist she keep her companion, her ladies' maid and

her dowry. I found the love and support, the visits, and the care given by the Duke, Avery, and Lady Sophia so gratifying. The Bennet family held no blame towards these important people in Lizzy's life. But Lizzy finds her biological family as described in canon and even her relationship as her father's favorite being reinstated makes no difference to Mr. Bennet when she points out his neglect in monitoring and disciplining his two younger silly daughters.

Mr. Collins shows up with expected results. Lady Catherine has no changes in speech or behaviors, just in location of such. Wickham is as always; again there is a brief interlude when he and Elizabeth seem to be friends as he pours out his troubles to her. Bingley: Bingley is even more tepid in his behaviors of showing up, paying attentions and leaving without an explanation. The soldiers' presence and the Brighton adventure remain a part.

But at the center of our story is our dear couple, Darcy and Elizabeth. They have declared their feelings to each other at the end of Book 1 but he now stays away to give her time to adjust and find her footing in her "new family" and in her new position in society. They can't write as there is nothing formal in their attachment so they get little news of each other. When he does set out to visit Hertfordshire...well, here I am not going to go any further. Events, people and circumstances turn against them. The misunderstanding between ODC is a new variation from Jane Austen's P&P.

Much is taken from canon in this book. We read snippets and paragraphs of the same dialogue. Darcy and Elizabeth do get their HEA but it is not while strolling the lanes around Longbourn. I read this book in one day and was happy to learn the rest of the story. I just could have done without the event I mentioned in the first paragraph.

A nice way to finish the series

By Jules

I enjoyed these books, the first far more than the second, but overall was happy with the outcome. I think the secondary story of the pregnancy was a step too far as it became unbelievable when the fallout was minor. If the reaction equaled the trouble stirred with the storyline, it should have been expanded even further. And with less time on the already overplayed stolen child and missing family, that to me became boring and overplayed as it was mainly covered in the first novel. All in all a good solid book.

Everything did change

By Kindle Customer

I have mixed feelings about this book. The premise was far fetched. Lizzy being kidnapped as a child and raised as a titled Lady was a stretch. Darcy figuring all of this out was even more of a stretch and what followed after the reveal was pure fantasy. My love of Lizzy and Darcy's romance has made my search for a good variation almost impossible to find. I wanted to find that spark, unfortunately, this variation did not come close to making me care.
