THE EARLY SESSIONS: BOOK 1 OF THE SETH MATERIAL BY JANE ROBERTS PDF

BOOK 1 OF THE 9-BOOK SERIES FROM SETH, THE SPIRITUAL TEACHER THAT LAUNCHED THE NEW AGE MOVEMENT AND COINED THE PHRASE, "YOU CREATE YOUR OWN REALITY" (channeled by JANE ROBERTS)

“Seth was one of my first metaphysical teachers. He remains a constant source of knowledge and inspiration in my life.”

– Marianne Williamson, #1 New York Times bestselling author of A RETURN TO LOVE

“The Seth books present an alternate map of reality with a new diagram of the psyche....useful to all explorers of consciousness.”

- Deepak Chopra, MD, author of SUPER BRAIN

“I would like to see the Seth books as required reading for anyone on their spiritual pathway. The amazing in-depth information in the Seth books is as relevant today as it was in the early 70s when Jane Roberts first channeled this material.”

-Louise Hay, internationally bestselling author of YOU CAN HEAL YOUR LIFE

Presented in 9 books, THE EARLY SESSIONS is a collection of the material channeled by Seth through Jane Roberts, during the first six years of his relationship with Jane and her husband, Rob Butts. The material consists of over 500 sessions, and contains new content and insights from Seth on a vast array of topics.

THE EARLY SESSIONS also illuminates the evolution of the Seth material, the very first questions asked by Jane and Rob, and the detailed exposition by Seth of his philosophy and vision.

An Amazing Must-Read!!

By Abe Pralle

Until I started reading "The Early Sessions" I never realized how much information was missing from "The Seth Material". In retrospect "The Seth Material" is a massively abridged survey of the material that leaves out a tremendous amount of good information. To put things in perspective: "The Early Sessions" is a nine-volume work containing the first 510 sessions that "The Seth Material" was based on. Book 1 has 42 sessions and is 432 pages versus the 333 pages of "The Seth Material".

With "The Seth Material" being such a pioneering publication it's easy to understand a certain amount of editorial discretion. However, I also believe that Jane omitted a lot of the material just because it didn't sit well with her - specifically things like reincarnation and karmic bonds (to use conventional phrasing). I had always wondered why Seth had so little to say on topics like that - it turns out he said plenty! I'm so glad Rob arranged for the release of the unabridged material.

If you're new to Seth then just skip "The Seth Material" and start here for mind-blowing yet entirely approachable and coherent look at the true nature of life, reality, and consciousness.

An excellent start for Jane Roberts' journey

By eye707

I purchased this book of Jane Robert's beginning contacts with Seth as a Kindle edition, having owned all of the volumes in this set in paperback since they were first published. This book, as all volumes in the Seth saga, is so enlightening that, once you begin reading, you can't put it down because the information imparted by Seth is too monumental to ignore and can, in fact, help you to make informed changes to create and understand your own reality. I would suggest getting acquainted with Jane/Seth through "Seth Speaks" and then "The Nature of Personal Reality," two volumes that have helped me to make incredible changes in my own life. I own all of Jane's books; I've been reading and re-reading them for almost 40 years and continue to find new understandings and develop new ways of perceiving my reality each time I do. Begin your journey!

Fills in the blank spots of earlier material

By Bryan Williams

This rating is easily deserved and anybody familiar with Jane Roberts work and the body of the Seth material will likely concur, once they read Book 1. I am particularly grateful to the publisher for making much (perhaps all) of the Roberts/Butts original manuscripts on those first 500 sessions available in 9 volumes. Seth's treatment of facilitating the "inner senses" was given rather short coverage in her first few books commercially published in the early 1970's, but elaborated on well in Book 1. This book comes highly recommended to anyone who discovers the Seth material in the 21st century, and particularly for old time readers of Jane Roberts.
