A thoroughly enjoyable fantasy world for a child

By Rashmi Gupta

This was one of my favorite books as a child. The book is about three naughty brownies, who are sent to find their goodness from an unknown land as a punishment for one of their naughty deeds. It gives a description of all the adventures they have on their way and how ultimately they are able to find their goodness. It is written in the characteristic simple style of Enid Blyton and anyone who loves her books (especially the fantasy genre) will love it
