## Review

"Rick Johnson is a good man. It's been a joy to watch him come to Christ and see him step up to the plate with a strong sense of Christ-honoring purpose. Rick knows that there is no higher office a man can hold than father. We here in the Northwest will profit greatly from this ministry which coaches men to be fathers." Dr. Stu Weber, Pastor, Author of *Tender Warrior* and *Four Pillars of a Man's Heart*.

## From the Inside Flap

Excerpt Women have the power to make the lives of those around them better just by their very presence. I know women whose influence with their families and those around them is phenomenal. They are using the influence God gave them in a manner that is life giving to those they touch. I've talked about men achieving greatness. Some women say, "My man is just an average guy, he could never be a great man." Well maybe that's true--and it certainly will be if no one believes in him like only you can. He may never become great without your help and faith in him. He will fulfill whatever expectations you have. Every man has the seeds of greatness within him. They need to be watered and nurtured to grow. I believe that's a role God gave to you. But it's not easy; that role takes courage and persistence. The man who is fortunate enough to walk beside a woman like this calls himself blessed. These women truly are women of influence. They have answered God's call to a higher standard in life--one of fulfilling their God-given role as helpmate and completer in a man's life. By living that role they bless not only their husbands and children, but they themselves live lives of blessing, contentment, and great satisfaction.

What woman hasn't taken a look at her man and decided he could use some improvement? There are some things we can change and some things we can't. Rick Johnson helps women identify the strengths in their men and the things that hold them back. He shows women how they can use their considerable influence in positive ways without nagging or laying on the guilt trips. A man whisperer is a woman who can use her subtle powers of persuasion to help her man become his very best. With humor and plainspoken common sense, Johnson helps women deal creatively with those annoying little habits while focusing on building his strong points. He also shows women why some tactics just don't work. Any woman who wants her marriage to be stronger will benefit from this enlightening book.

Loaded with communication tips and tools!

By Petey Malone

I am so glad this book was written. It is not an easy task to always be able to get a point across but learning how, when and why really makes a difference. Johnson is straight to the point with a bit of humor, his writing style is easy to read and full of 'ah ha' moments! This is a great book for women seeking to choose a 'good man', especially helpful to divorced women re-entering the dating world and a real gift to the new bride! Myself, married more than 25 years found it to be refreshing and uplifting. Thanks!

A Whole New View

By SeekingTheBest

This book was amazing! It offers amazing insight into the qualities that constitute a good man and a good father, particularly to those of us who weren't blessed to have that role model as a child. It helped me to understand what to value and expect, as well as what to seek after in raising my sons. This is a must have for any woman who is still looking for the love of her life or for the woman who has him and thinks things could be even better. There is something for everyone.

Do you want to positively influence your husband?

By Irene's Book Reviews

Do you want to positively influence your husband? This book explores how to communicate better with him and change your marriage. You will learn ways to encourage him and build his self-esteem. By following the guidelines in this book you will have a more supportive and happy husband.

Although a man wrote this book, it is primarily for a woman to read. As you read this insightful book you may disagree with some of what is written. However, there are many principles to apply to your everyday interaction with the man in your life. There is advice on how to encourage him to be the leader in your family. The author advises you do this by stepping back and letting him be the lead decision maker even if you don't agree with the decision. The author does point out that the women should be allowed to voice her opinion. He states that in the end, to teach her husband leadership, a wife should let the decision be his. Letting him be the final word in the family decisions will also help build his self-esteem.

The author repeatedly comments that praise and admiration are the best tools to having a healthy relationship with your husband. When your husband feels respected he will show you more respect. This book is funny at times, always easy to read and definitely filled with practical advice.
