THE REFORMED DOCTRINE OF PREDESTINATION BY LORAIN BOETTNER PDF

One of the 20th-century's most reasoned explanations of the sovereignty of God and the Reformed interpretation of salvation. "Whoever really wants to know what Calvinism teaches cannot do better than to read this book from cover to cover".--United Presbyterian magazine.

One of the Best Biblical Presentations of Predestination

By Seeking Disciple

Dr. Boettner's book is one of the best works I have ever read on the doctrine of predestination from a Reformed perspective. The book is not a book that debates and ignores the issues but takes the reader directly to the Word of God as the source for its foundation.

Whether you are a Calvinist or an Arminian, you would do yourself well to purchase this book and digest the meat found therein. The book, while covering a rather deep subject, remains quite easy to read and the content of Dr. Boettner's thoughts flow together easily.

A great book!

11 of 12 people found the following review helpful.

I'd give it a 4.5 if I could

By M. J. Keel

"The Reformed Doctrine of Predestination" is the most thorough and well argued explanation and defense of this doctrine I have ever read. It is based on scripture with lots of helpful quotes and extended explanations from some of the greatest theologians from Augustine forward to the early twentieth century. Boettner argues with the passion of a convert, but uses reason and sound analysis to present an excellent case. If you want to know what Reformed Christians and Presbyterians believe about God's sovereignty I highly recommend this book.

One problem: Dr. Boettner is so gung-ho and excited about Reformed theology and Presbyterianism that to those who are not convinced some of this book comes across like a Calvinistic pep rally. If you are not a

convinced Calvinist hear him out because there is a lot of good food for thought here.

9 of 10 people found the following review helpful.

Very thorough presentation of the five points of Calvinism and its defense and history

By Daniel C. Markel

Lorraine Boettner leaves very few small stones uncovered with his convincing discourse of the truth of Calvinism. This book is approximately 400 pages and slightly less than half the book covers the biblical explanation of what the Five Points of Calvinism, while another significant portion of the book devotes an apologetic defense of this doctrine and debunks a lot of myths and misconceptions typically presented by opponents of this doctrine. Boettner also devotes the final portion of the book revealing the history of Calvinism from the time of the reformation up to the 20th century.

The only thing that's slightly bothersome about this book is that it was written over 70 years ago, so some of the language used is a bit dated and the Bible verses given are presented in the old American Standard Version, which reads very similar to the King James Version. I used my own NIV Bible as a cross reference while reading this book.

Overall, it's a classic and a must-have for anyone who desires to understand the truth of God's Sovereignty and Grace and man's total inability to come to God on his own for salvation.
