When were the Vedas written, and why? Who were the people who composed them? Where did they come from, how did they live? Questions, conjectures and debates go hand in hand with the Vedas, the sacred keystone texts of Hinduism. Now, noted historian Roshen Dalal sifts through centuries of information and research to present, in a straightforward and succinct manner, an account of the Vedas that is authoritative yet accessible, thus appealing to both scholars and lay readers.

In this book, key insights into the Vedas are complemented by a celebration of the poetry that lies within the texts. Using socio-economic data and archaeological and linguistic research, the author introduces us to the Vedic era, enabling us to understand the culture and philosophy that produced these ancient and sublime texts.

Based on original research and numerous authoritative sources, including auxiliary texts and early commentaries

Appendices featuring selected hymns from all four Vedas, and listing all the hymns that make up the Rig Veda

Conveniently cross-referenced with a wealth of information

3 of 3 people found the following review helpful.

It's more like a list of facts

By BrettMcee

I was hoping for an introduction to the Vedas--why they are, where they came from, how they are important.

This book takes a complex set of text and their deep history and makes it even more difficult to access. It's more like a list of facts, dates, names, categories and types but in sentence form just so the author can feel like he wrote a book.

I will try to find something better. Too bad one cannot return Kindle books or I sure as heck would this one.
